GUEST MODE

Why buy a system when you can invest in a *platform*?

Empower your guests with a robust tool set and beautifully branded interface.

NorthStar was created by a restaurant industry leader and custom-tailored for food service. We've integrated a host of features into one complete POS platform that's easy for your customers to use – and will help bring them back again and again.

Speed

Customers are in Control

- No waiting for busy servers
- Customers quickly order for themselves
- Easy to use for all ages
- Guests control dining experience
- Multiple menus available
- Automatic prompts for combos
- Large graphics to increase craveability
- Pay and tip at the table
- Email or print receipt

Flexibility

Manage from the Cloud

- Automatic upsell opportunities
- Customer can split checks and payments
- Fully managed in the cloud
- Customizable to match your brand
- Custom guest experience
- Signature capture on screen
- Full menu item descriptions
- Use at any or all of your tables

Ease of Use

Intuitive & Simple

- Order at the table
- Order from the entire menu
- Pay right at table
- Tipping wizard creates higher tips
- Convenience center for common needs
- Graphical interface
- Drag-and-drop capability
- Split and combine checks
- Loyalty and rewards ready

It's time to stop waiting for your Point of Sale system to catch up.

Find your way to faster service and smarter, more efficient staffing.

Find your NorthStar.
