

NorthStar

THE NEXT GENERATION IN RESTAURANT POS

KIOSK
MODE

The innovative, guest-empowering solution that's changing POS as you know it.

NorthStar isn't just another POS software; it's an innovative ordering solution built for restaurants from the ground up. NorthStar Kiosk is powerful, cloud-based software that will empower your guests to order right where they stand, while streamlining your business and lowering costs.

- ✓ Take pre-orders from the lobby.
- ✓ Simple for customers to use.
- ✓ Fully customizable.
- ✓ Digital signage everywhere.
- ✓ Data in the cloud.

NorthStar

KIOSK MODE

Why buy a system when you can invest in a *platform*?

Streamline the dining process by allowing pre-orders right from your lobby. Take-out guests can order and pay with just a few taps, no server needed.

NorthStar was created by a restaurant industry leader and custom-tailored for food service. We have compiled the best-of-the- best features into one complete POS platform.

Speed

In and Out in a Snap

- No waiting for busy servers, order right in the lobby
- Customers quickly order for themselves
- Guests control ordering experience
- Multiple menus available
- Multiple restaurants available in the same kiosk, great for food courts
- Automatic prompts for combos
- Large graphics to increase craveability
- Pay and tip at the kiosk
- Email or print receipt

Flexibility

Manage from the Cloud

- Automatic upsell opportunities
- Send orders directly to the kitchen
- Additional branding opportunity
- Additional sales opportunities in key locations
- Customer can split checks and payments
- Fully managed in the cloud
- Customizable to match your brand
- Custom guest experience
- Signature capture on screen
- Full menu item descriptions

Ease of Use

Intuitive & Simple

- Put your menu to work anywhere in your restaurant
- Order at the kiosk - No server needed
- Order from the entire menu
- Pay right at kiosk
- Tipping wizard creates higher tips
- Convenience center for common needs
- Graphical interface
- Drag-and-drop capability
- Split and combine checks
- Loyalty and rewards ready

It's time to stop waiting for your Point of Sale system to catch up.
